

U.K. FOOTY RACING CALENDAR FOR 2011

The 10 events in **bold** text are formal Open Race meetings for which an NOR will be published giving times and directions etc

Dark blue highlights indicate where one of the Midlands league meetings is being run concurrently with an open event.

The yellow event on 18th September is essentially an MYA Centenary gathering or all classes where it would be advantageous to have a Footy Class presence

More details of the Euro GP in May will be published later

The remaining events are essentially local club meetings, but anyone who turns up will be allowed to sail.

For these club events it would be advisable to phone the named contact to confirm details.

The location of the sailing lake is shown by reference to the host club website at the bottom of the page.

Month	Date	Club	Event Type	Local Contact
